

BEST PRACTICES OF OUR INSTITUTION

Blood Donation

Blood donation is a unique feature of this institution. Our students, staff and people of locality voluntarily join us to donate blood not by compulsion but their humanitarian ground and sacrificing nature. We are the part of noble feeder of blood donor of our district where 200 no. of thalassemia patients living. This district is also marked as a thalassemia prone zone in the map of India. We support not only our district administration but state of Odisha to save their lives who need minimum 200 units of blood in every day. Our students and staff donate blood in camp organized by this institution as well as in other blood donation camps organized by different part of the district. The noble message they carry from the institution to ventilate not only their family but villages, working organizations, nearby society they live as well as whole world.

Employees credit thrift society

This institution has a special credit to its various glorious achievements in 50 years. It has a marked feature where brotherhoods among the staff members of both teaching and non-teaching are expressed by helping each other through distinct fund created by themselves as “Pattamundai College Employees Credit Thrift Society”. It was started from the year 1997 with a member of sixty-eight and a contribution of Rs 200 from each member which was notified later. It is functioning through selected/elected body from both teaching and non-teaching members of staff association of this institution. This society has a body consisting of a president, secretary, joint secretary and some executive members which is formed on the basis of byelaws of the society. It provides loan of Rs 100000 / Rs 50000 depending upon the contribution of the members with low interest which helps us in different purposes like higher study, marriage of children, treatment of family members of etc. The sanction of loan completely depends upon the urgency of staff, which may sanction even within a day. All the records/ accounts are maintained by cashier and also internal audit is done regularly by the executive members or a group of staff selected by the association. Whole transactions of society are done through a nationalize bank to maintain sanctity/ clarity of the society.

NCC Unit

The college has an NCC Unit consists of 50 cadets with a 2:1 of boys to girls' ratio. This unit plays a pivotal role in improving importance of the college by performing different activities throughout the session. With the usual activities of observing different important days like Kargil Vijay Divas, NCC day, Yoga day, etc. they play important role in different awareness programme like blood donation camp, plantation, cleanliness, road safety management etc. They not only aware the students and people of locality in above activities they do so practically by donating blood, planting different plants, clean the campus, nearby hospital as well as villages of locality which is a regular practice of this unit. The most important services of this unit are their active participation and maintaining law and order in different local functions like Ratha Yatra, Dura Puja and Maha Biswa Jayna, where thousands of people gather to observe, worship and enjoy these functions. They provide services from dawn to dusk whatever the need of local administration and maintained peace and sanctity of these functions with scarified service without any remuneration. They glorify the importance of the institution by doing such priceless service to the people of localities and enhance its importance. NCC also a way to give plenty of job opportunities to our students most of the alumni of our NCC units by giving service in different parts of our state as well as county and improve the economic condition of this district. This has a special attraction of this institution for which students of different district of the states interested to do their higher education here.

Drama

Drama a rare function of this institution not only enhances the importance of this institution rather it tries to preserve and maintain the tradition of this culture of the society. It is one of the rarest institutions of Odisha where this culture is maintained since long which throw light to the society to resume the old tradition. It also provides a good message to the society by focusing different local, national, and international issues. Our college organizes this function by the help of both boys' and girls' students with well conducive manner with the coordination of officers in charge and representative of student's council. All the expenses of this function borne the institution which was previously collected from the students of the institution which also previously reflected in the college budget. Around 2000 students and local people enjoy this function and provision of special award is also there to encourage our students. This also another way of creation of resources from our students which are future of state

and nation to produce actor and actress in different field. Many alumni of this institution also glorified us by showing their potentiality in this field. ?

Plantation

Plantation is as unique feature of this institution which was started from end of the 20th century. Around 5000 of both environments friendly and medicinal plants are in the campus which is not only eco-friendly but also continuously supply oxygen to the environment to reduce the CO₂ level and global warming problem. This institution is so conscious from too early and supports the national and international worries to reduce global warming, maintain pH of sea water to balance ecological system. Every year around 500 different trees are planted by NCC, NSS, YRC, staff members, alumni of this institution and also taking care for their survival. These plants are watering by them in summer or waste water management of this institution. The college has well planed mechanism to sell the matured as well as broken trees due to different natural calamities like cyclones which supports the enhancement of funds of this college. The funds generated by this process are also audited in different time by the government.

Health Awareness

Health awareness camp is regular feature of the college to make our students as well as economically backward people of this locality. A regular periodical health checkup is done among the students by the local medical staff to measure their height and weight and advise them to go for regular exercise to decrease the health in case of overweight and take proper diet and medicine to underweight students. As 70 percent of our students are girls, regular awareness camps are organized to aware them about gynec problems by medical and para medical staff. A mega health camp is also organized by the college with the help of staff, student's council and other students to help geriatric and pediatric patients by expert doctors and paramedical staff of local hospital. The college has a first aid box with some urgent medicines, cotton, gauzes to meet the exigencies of the students and staff.

Practice of Good Relationship among Students and Teachers

A healthy practice of good relationship among the students and teachers is rare and unique chemistry of this institution. Our students not only respect the teachers and non-teaching staff members of this college, they receive our guests with a warm welcome by obeying our local tradition with touching their feet

those who are coming to the college in different occasions. They appraise them by warmth reception for which guests of different parts of state praise the institution to sky high. This is possible by well caring of teachers to their students in and out of the classrooms. The college has well mentoring systems help the students in every respect to grow themselves. This message also enhances the demand of the college to impart higher education to different parts of the states. The college has also a tradition to observe teachers' day, Ganesh puja and Saraswati puja where the students pay respect as well as worship to their teachers in a special and unique manner. All the activities of the college are well monitoring by the teachers, student council and other students of the college.

Pisciculture

Pisciculture is a noble feature of this institution. This institution has two permanent ponds of area around 1acre of land in its own campus. Every year these ponds are cleaned during summer and highly hybrid fish seeds are left in rainy season with the help of local fishermen. These ponds are also well sealed where the boundaries are also planted with different trees for eco-friendly environment. The ponds are regularly treated with organic chemicals to keep away the fishes from different diseases with consultation of officers in charge of fishery of local office. This culture not only enhances the economic condition of the college also supply disease free and fresh fishes to the students, staff members as well as local people of this area. The revenue obtained from process is properly reflected in the cash book of the college and also properly audited.
