**Resolution:**

A Parent – Teacher meet was held in the department of commerce under the chairmanship of Prof Sanjib Kumar Dash Head, Department of Commerce in the departmental seminar hall at 10.30 a.m. on dt: 14/09/2019, and following resolutions were taken unanimously.

1. Regular communication with parents throughout the year can prevent issues down the road so that there is not as much to discuss at a single conference. Frequent communication with families is especially critical for students struggling socially, academically, or behaviourally.
2. If your child is falling behind in a skill or a subject, like mathematics or English. Armed with that information, you can create a plan with your child to work harder in that area before it's too late.
3. Parents don't always think to ask, but it's important to know if your child interacts well with the other children. Is she or he a good friend? Does she or he help out if another student is struggling?"
