

Pattamundai College, Pattamundai

A State Level Seminar

on

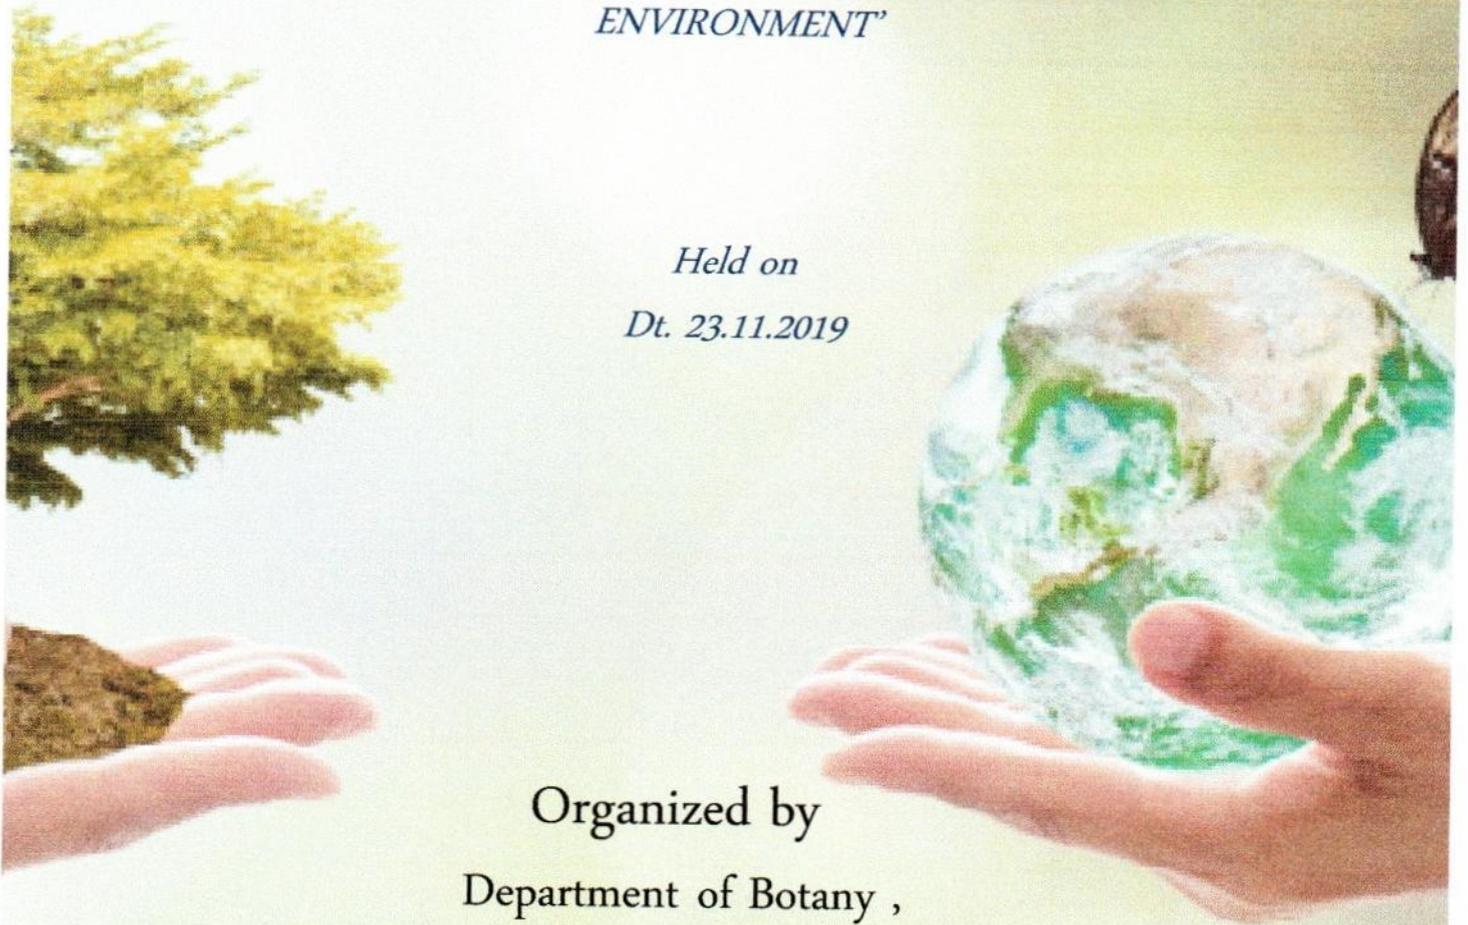

'RECENT ADVANCES IN BIOLOGICAL SCIENCES FOR SUSTAINABLE ENVIRONMENT'

Held on

Dt. 23.11.2019

Organized by

**Department of Botany ,
Pattamundai College, Pattamundai,
Kendrapara - 754215**

REPORT

The one day state level seminar was successfully organized by Department of Botany, Pattamundai college, Pattamundai on 23rd November 2019 at 10 A.M. in the auditorium hall with the Chairmanship of Prof. Adhikari Laxminarayan Dash, Principal, Pattamundai College, Pattamundai. The programme was started with lighting of the lamp by our guests which was followed by state anthem play by our department students. Following to it was a welcome address by our Principal Adhikari Laxminarayan Dash, Chairperson of the meeting. Introduction of guests and objectives of the seminar was presented by Dr. Anjali Kumari Dash, H.O.D. Botany. The guests were felicitated by our Principal with bouquet and shawl. Then the august house was addressed by our chief guest Bikash Ranjan Dash, DFO, Rajnagar. He emphasized on mangrove vegetations of Odisha with special reference to Bhitari Kanika which was followed by the address of Guest of Honor of the occasion Dr. Nabin Kumar Dhal, Chief Scientist, CSIR-IMMT, Bhubaneswar. The souvenir of this seminar was inaugurated by the guests present on the dias. This session was ended with a vote of thanks by Prof. Neerupama Swain, Lecturer in Education of our College.

After a short tea break, technical session I started at 10 A.M. under the Chairmanship of Prof. Maya Prasanna Tripathy, Reader in Botany with Rapporteur Prof. Gagan Bihari Prusty of Mahanga Pushpagiri College. This session was decorated by lead speakers like Dr. Nabin Kumar Dhal, Chief Scientist, CSIR-IMMT, Bhubaneswar, Dr. T. Panda, Reader in Botany, Chandbali College, Chandbali and Dr. Monalisa Mohanty, Asst.

Professor, Dept. of Biotechnology, Rama Devi University, Bhubaneswar where they shared their knowledge on current problems. The first technical session was completed with a combination of knowledge from diversified fields of experts and with a vote of thanks given by Dr. Anjali Kumari Dash, H.O.D. Botany cum Convener of the seminar.

A successful event is never completed without a good refreshment. The seminar was more delightful with the arrangement of refreshments including tea, coffee and with a very delicious launch in a very convenient way.

After a launch break, technical session II started at 2.30 P.M. under the Chairmanship of Prof. Maya Prasanna Tripathy with Rapporteur Prof. Gagan Bihari Prusty. Dr. Surabhi Dipali Muduli, Young Scientist, CSIR-IMMT, Bhubaneswar gave her brilliant lecture on diversified fields of biology specially on solid waste management. There was a competition among research scholars for young scientist award. Four research scholars namely Kali charan Mandal, Sandeep Kumar Kabi, Dipanjali Singh and Soleman Sahoo were participated in this competition by presenting their research papers. Dr. Taranisen Panda, Dr. Nabin Kumar Dhal and Dr. Monalisa Mohanty were the evaluators. Miss Dipanjali Singh was excellent and she was awarded as Young Scientist with a trophy and certificate by the chief guest of the occasion. It was a very interactive seminar, a moment of progression where every facts and incidents were shared by the learned experts.

The valedictory session was started at 3.30 P.M. and ended at 4.30 P.M. Prof. Adhikari Laxminarayan Dash, Chairperson of the occasion chaired the meeting. Dr. T. Panda of Chandbali College was the guest of this session. He also expressed his satisfaction regarding the fruitfulness of

the seminar. Our Principal also addressed audience and suggested to create a plastic free world and thanked all the dignitaries and audience for their cooperation to make the seminar a successful one. The guest of the session distributed certificates of participation/ paper presentation to all delegates of different universities, Institutions and colleges. Finally the meeting was ended with a vote of thanks by Dr. Anjali Kumari Dash, H.O.D., Botany cum Convener of this seminar.

.....

Anjali Kumari Dash.
Convener.

REPORT OF RAPPORTEUR

At the end of the inaugural function of the seminar, the technical session I started as per the time schedule with the welcome address of the chairperson of the session Mr. Maya Prasanna Tripathy, Reader in Botany, Kendrapara Autonomous College, Kendrapara.

Dr. N. K. Dhal, Chief Scientist and H.O.D. Dept. of Environment and Sustainability CSIR-IMMT, Bhubaneswar who graced the programme as the guest of honor delivered his topic very nicely and prudentially on the "Bioresources of Odisha for sustainable development". He has covered all the areas of biodiversity status of Odisha and emphasized on mangrove vegetations of Kendrapara district particularly Bhitara Kanika and Hukitola in his speech. He also cited very good examples of medicinal plants and discussed their protection from exploitation. His presentation was unchallengeable in relation to critical reviews in the paper.

Dr. Taranisen Panda, Reader in Botany, Chandbali College, Chandbali presented his topic on "Biotechnology, a tool for safe and sustainable environment. He has emphasized on socio-moral degradation of human beings in various parameters and collected photographs of rarest events counteracting questionable sustainability. He highlighted in a very recreational manner on the activities of modern society. He also presented how biotechnological resources on biopesticides, biofertilizers, vermicomposting helpful in sustainable environment. He highlighted on bio transformation and bio remediation.

Thirdly Dr. Monalisa Mohanty, Asst. Professor, Dept. of Biotechnology of Rama Devi University delivered her talk on biotechnological aspects of phytoremediation. She also presented nicely very crucial role of genetically modified aquatic algae in sustainable agriculture.

The session was very interesting. All the participants delivered with their full satisfaction. The students also interacted through various questions to the resource persons. The session was ended with a vote of thanks offered by Dr. Anjali Kumari Dash, H.O.D. Botany and coordinator of the session.

Technical Session II –

Technical Session II was started in post launch period at 2.30 p.m. sharp. The session started with the lead lecture presented by Dr. Surabhi Dipali Muduli, the Young Scientist of IMMT, Bhubaneswar. This session was meant to encourage the young scientists invited from different parts of Odisha who are continuing their research works in different leading institutes of the state. She delivered her talk in a very provocative manner from the different angle of technology that is on solid waste management with respect to industrialization for sustainable environment. She had spoken the application of physical sciences and geosciences in mining waste management. She collected photos of various mining sites and industrial estates. She highlighted on unplanned procurement and exploitation of environment vs various technological tools for management of solid wastes. Her deliveries dumbfounded the audience as her presentation based on skillful technological management and potential scope for sustainable environment.

In 2nd half of the session, a competition among the young scientists was made through their paper presentations. Mr. Kali Charan Mandal, Mr. sandeep Kumar Kabi, Miss Dipanjali Singh and Mr. Soleman Sahoo presented their papers within stipulated time provided to them. Dr. Taranisen Panda, Dr. Nabin Kumar Dhal and Dr. Monalisa Mohanty were the evaluators. Finally Miss Dipanjali Singh was awarded by Young Scientist award with a trophy and certificate. The session had a nice end with vote of thanks offered by Dr. Anjali Kumari Dash, The convener of the seminar.
