Mr. Kapil Das, Proprietor,
M/s Cosmic Net,
Corporate Office: Plot No. B-25,
1st Floor, Sahid Nagar, Bhubaneswar

Sub: Authorisation for E-Waste Dismantler under E-Waste Management Rules, 2016 of MoEF&CC, Government of India.

Ref: Onlie application ID No.2630816, Dt. 30.05.2019, Seeking registration for dismantling of E-waste.

State Pollution Control Board, Odisha after examining the application granted authorisation for Dismantler under provision of E-Waste (Management) Rule, 2016 of MoEF & CC Govt. of India. The certificate of authorisation is hereby issued as follows.

Registration No. : 546/PCP E-Waste Registration / June/19/02
Date of Authorisation : 27.06.2019
Name and Address : M/s Cosmic Net,
Plot No. 823, Mouza-Kesura,
Bhubaneswar, Dist-Khordha
Tele Phone No : Ph. No. 0674-2544583, M-9438091660
E-mail : cosmicnet.net@gmail.com
Validity : Up to 31.03.2022

The authorisation is granted for dismantling and collection of following E-Waste item and quantity (MT/Year)

Sl. No.	Waste Description	Quantity / Annum
1	Dismantling of E-Waste	360 MT

General Term & Conditions :-

1. The dismantler shall utilize environmentally sound technologies and possess adequate technical capabilities, requisite facilities and equipment to dismantle e-waste as per guidelines under rule 10 of e-wastes Management Rules, 2016.
2. The dismantler will ensure preventive measure to decontaminate e-waste and render it non-hazardous by separating hazardous components and materials. Hazardous electronic components such Hg switches, Poly Chlorinated Biphenyl (PCBs) etc. can be recovered and sent to TSDFs for treatment and disposal. The refrigerant gases of chlorofluorocarbon (CFCs), hydrochlorofluorocarbons (HCFs) etc. used in refrigerators and air conditioners can be collected by using gas recovery equipment for their recovery and storage. The refrigerant gases may be reused or may be disposed by thermal destruction.
3. The manual dismantling can be carried out over the dismantling table with space de-dusting hoods connected with bag dust collectors venting out through a chimney of 3 meter above roof levels so as to maintain desirable work zone air quality as per the Factories Act 1948. Collection boxes with adequate capacity in sufficient number should be placed near dismantling table for keeping the dismantled components. The workers involved in dismantling operation should have proper equipment for dismantling the e-waste.
4. The dismantling operations shall not include Fine grinding / wet shredding / wet grinding operations. Dismantling operations shall not be permitted for chemical leaching or heating process or melting the material. Dismantlers shall not shred segregated LCDs.
5. The dismantler shall have adequate facilities for disposal of bag filter residue and floor cleaning dust in secure manner or shall obtain membership with TSDF for safe disposal.

6. The dismantler must deploy skilled manpower having adequate tools and personal protective equipments (PPEs) to manually separate compressor of refrigerator and air conditioners and ensure provision of adequate facility for recovery or safe collection of refrigerant gases and compressor oils.
7. The dismantled circuit boards, CRTs, capacitors, batteries, capacitors containing PCBs (Polychlorinated biphenyls) or PCTs (Polychlorinated ter phenyls) etc shall not be stored in open.
8. The dismantling operation shall not discharge any process wastewater except workers utilities and re-circulated machine cooling water.
9. The dismantler will ensure to provide special kits to deal with spillages of oils, fuel and acids as appropriately used.
10. It is the mandatory duty of the dismantler person to comply with the guidelines for e-waste in accordance with rule 10 of e-wastes Management Rules, 2011.
11. It should be ensured that hazardous wastes shall be properly collected and packed in HDPE bags and then temporarily stored in a lined RCC tank / pit with suitable shed.
12. The occupier, transporter and operator of a facility shall be liable for damages caused to the environment resulting due to improper handling and disposal of e-waste listed in schedule 1 and 2 and shall be liable to pay a fine as levied by the State Pollution Control Board under the rules.
13. Transportation of e-waste shall be done in accordance with the provisions of the Rules-19 and the rules made by the Central Government under the Motor Vehicle Act, 1988 and other guidelines issued from time to time in this regard.
14. The dismantler will ensure that no damage is caused to the environment during dismantling, storage and transportation of e-waste.
15. The dismantler must provide appropriate storage and provision for containers to secured the escape of oil and other fluids.

11. It shall be ensured that the e-waste collected is stored in a secured manner.
12. It shall be ensured that no damage is caused to the environment during transportation storage and handling of e-waste.
13. The Storage of e-waste shall be done in accordance with the provisions of the Rule-15.
14. The space used for collection and storage shall be clearly demarcated.
15. The refrigerator and Air conditioner should be stored in adequate facility for handling / arresting compressor oils, CFCs / HCFCs.

Yours faithfully,

MEMBER SECRETARY
