# Role of women of Odisha in Freedom Struggle

Man and woman constitute the integral part of a single entity called society. Both are inseparable because we cannot think of their co-existence in the absence of one of them. Thus, the study of both, especially of women (neglected so far) is very vital for proper social analysis in the direction of growth, continuity and development.

Right from very ancient period (Ashoka and Kharavela), the position of women in Kalinga was much dignified. Ashoka appointed Stijhak Mahamatya, a woman officer, to look after the welfare of women. Even in Kharavela's time, women were highly accomplished in playing instruments and were acquainted with working up military exercise. The role of Bhama Queens, renowned women of Ganga and Gajapati period are glorious feathers to this process.

India's freedom struggle saw mass participation at an exceptional scale and many of these participants were women. Nationalism is a significant context for understanding the development of middle class - upper class values and ideas that are predominant in feminist thought and women's movement. Nationalist leaders, overlooked the importance of family dynamics in encouraging and inhibiting women's involvement in public activities.

With the advent of Gandhi, India's Freedom Struggle began to take an altogether different shape. His several visits to Odisha had multiple effects in that it gave a fillip to the dominant Congress organisations and activities. His various movements in the form of Non-cooperation, Civil Disobedience and Quit India had their corresponding repercussions on mass psychology and involvement. Naturally women were also a part of these processes.

Forerunners were Rupa Devi Chowdhury, Malati Chowdhury, Casala Devi, Kokila Devi, Queen Bhagabati Patta Mahadevi of Kujang along with

Soma Devi, Manikya Devi, Sushila Devi, Tulasi Devi  
et. al.

Mention may be made of Saptakanyas (seven daughters)  
of Ravana Devi is Seraghar Situ, Basanti, Mala, Uma,  
Kiran, Mini and Parvati under <sup>the</sup> loving guidance of ~~and~~  
inducted into constructive programmes of Gandhi. Her  
participation was a huge success.

As evident, the study of women history has gained  
importance by shifting the emphasis of history from  
individual women leaders to the women as a class and  
studying their various involvements. It explores  
Gandhiji's demand of obligation and public participation  
and narrates the events, processes and dynamics of  
women making significant contributions to the areas  
including constructive works, prison experiences,  
songs and writings, cotton spinning and underground  
activities and <sup>their</sup> indirect participation.

Alice Rossi applies 3 models derived from  
minority group theory to <sup>the</sup> possible future place of  
women.

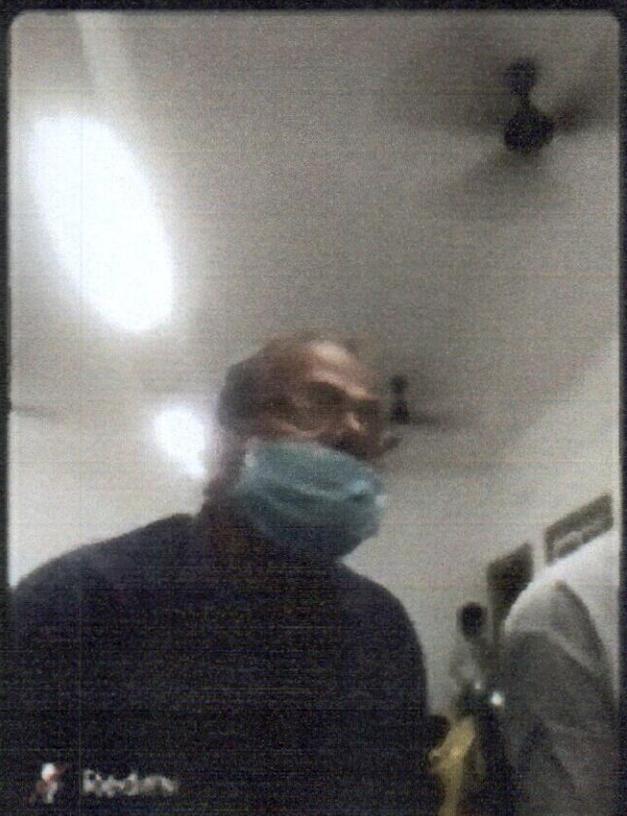

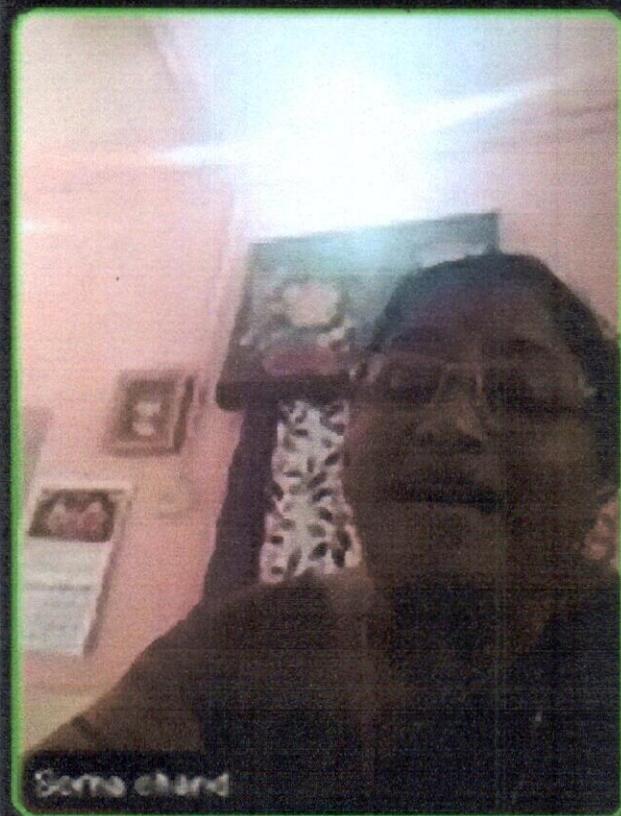

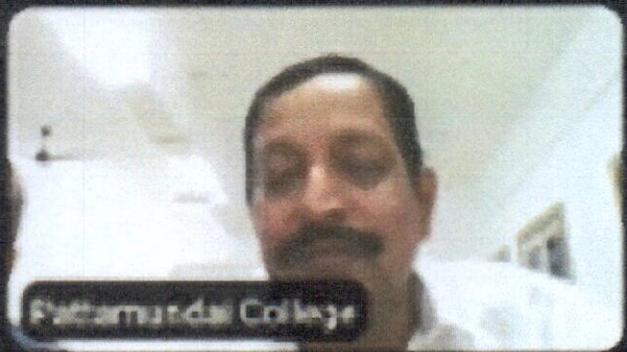

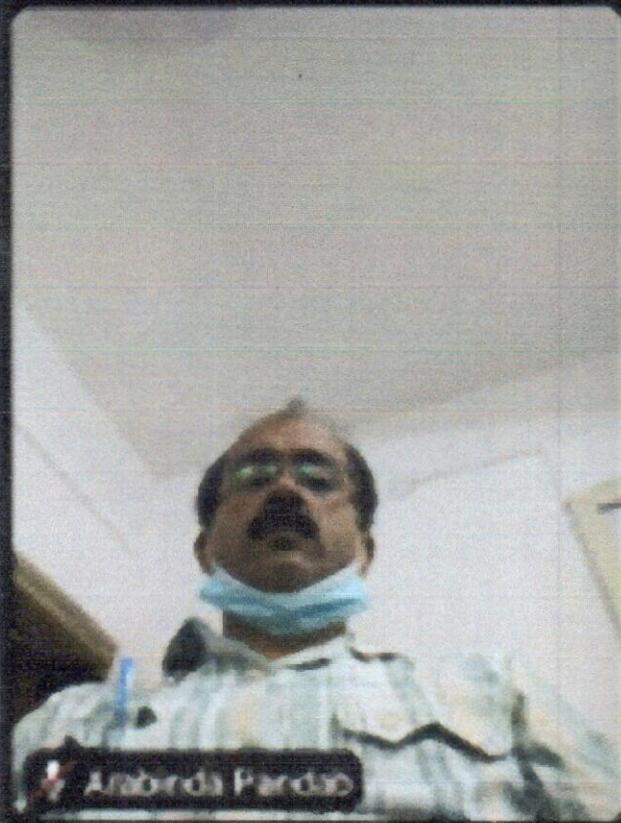

- Pluralism
- Assimilation
- Hybrid

On the limelight of women participation  
the hybrid model seems to be more effective.  
Although it concentrates on changes in women's role,  
~~it also implies that~~ it is less in 'developmental'  
phase.

More and more efforts are needed to bring  
the unsung heroines of Freedom Struggle from  
grass-root level for their remote involvement and  
indirect role in the process.

Development is freedom. Freedom can be  
sustained only through equal participation,  
equal study of this inseparable part of the  
society.
