STUDY TOUR CUM FIELD VISIT

Department of Chemistry

REPORT

The students of department of chemistry visited **ICAR – NATIONAL RICE RESEARCH INSTITUTE**, Cuttack on 24-02-2023 as **STUDY TOUR CUM FIELD VISIT** programme as part of their curricular activities. Twenty two students with two faculty members reached the institution at 10 A.M. on that day which was pre scheduled with kind negotiation of the director Dr. A.K. Nayak, Principal Scientist ICAR – NRRI, Cuttack. He gladly welcomed the students as well as the faculty members with their team of experts who cooperated the team with details different activities undergoing inside the institution. First he allowed the students to visit the beautiful museum where different kinds of hybrid paddies, rice, cereals were displayed. Then the team visited rice processing units where students learnt about the details of processing of paddies to fine quality rice. Also the team visited the instrumentation center to get information about functioning of instruments like NC Soil Analyzer, FTIR, Gas Chromatography, Open Top Chambers, Eddy Covariance System, ICP-MS, and NIR etc. Then the team visited the bio chemical fertilizer laboratory where the different scientist tried to explain the utility of bio chemical fertilizers over chemical fertilizers. They emphasized the students to encourage their parents, villagers and the public in different formats to use the bio chemical fertilizers in place of chemical fertilizers which not only environment friendly but cheap as well as make disease free products. The scientist also exhibited different insects displayed in this unit and explained the particular bio chemical fertilizers which used to kill the particular insects. Dr D Parida, HOD Chemistry and Mr Ranjan Kumar Gahan accompanied the students in the said visit. The students thank members of the guiding team.
